Chairman Kevin J. Martin  
Federal Communications Commission  
445 12<sup>th</sup> Street, SW  
Washington, DC 20554

Dear Chairman Martin:

We are writing to communicate our appreciation of the opportunities that 98.5 KLUC has afforded Nevada Power Company through our participation in their community-oriented programs such as the 98.5 KLUC Toy Drive, Reading Rocks and KLUC Teacher of the Month and Year. These community-building activities support our company's goal of being a good corporate citizen.

Our partnership with KLUC provides our company with a vehicle for employees and members of the community to come together and truly make a difference in people's lives. In addition, the promotion that 98.5 KLUC provides these charitable endeavors helps to ensure their success by informing our community of these beneficial programs.

In particular, the 98.5 KLUC Toy Drive was a significant event during the 2007 holiday season. Over the 12 days that DJ Chet Buchanan was on top of a 30-foot scaffolding in our parking lot, more than 2,000 bicycles were donated as well as more than \$67,000 in gift cards. As a result, toys were supplied to more than 30 charities in southern Nevada. Nevada Power employees, along with community members and organizations, donated generously to help achieve the vision of "a present under the tree" at Christmas for needy children and youth in our community.

Although this letter provides just a glimpse of what we do in the community, we thought it important to communicate it to you. If you have questions or would like to discuss these activities further, please feel free to call me at 702-367-5843.

Thank you for your time and consideration.

Sincerely,

Andrea Smith  
Director of Corporate Communications  
Nevada Power Company
